Jodhpur, Rajasthan Jul 17, 2025 ([Issuewire.com](https://www.issuewire.com)) - About Teak and Tanned – Portrait of the Company

Teak and Tanned is a luxury Indian furniture brand based in **Jodhpur, Rajasthan**, specializing in **handcrafted teakwood and leather furniture** that bridges the gap between timeless tradition and contemporary design. Born out of a passion for enduring craftsmanship and refined aesthetics, Teak and Tanned creates statement furniture pieces that reflect legacy, character, and unmatched quality.

At its core, the enterprise is built on a simple belief: **Furniture should be an heirloom, not a trend**. Every piece—be it a **Chesterfield leather sofa**, a **rustic live edge dining table**, or a **Victorian-style office chair**—is crafted by skilled artisans using ethically sourced **solid teakwood**, premium **full-grain leather**, **bouclé fabrics**, and traditional joinery techniques.

???? Detailed Conception of the Enterprise

Teak and Tanned was conceptualized as a counter to the fast-furniture movement dominating the market. Where most mass-produced furniture lacks soul, T&T infuses each creation with **handwork, heritage, and honesty**.

The vision was to:

- Celebrate **Indian craftsmanship**

- Offer globally competitive luxury furniture
- Build products that **tell stories, last decades**, and **define spaces**
- Redefine “made in India” to mean **made with mastery**

The design philosophy combines **Rajasthani roots**, **European silhouettes**, and **modern living sensibilities**—resulting in pieces that work equally well in heritage homes and urban apartments.

???? **Description of the Enterprises Involved**

Teak and Tanned is an **independent furniture design and manufacturing enterprise** with:

- **In-house carpentry and upholstery teams** based in Boranada, Jodhpur
- A **dedicated design team** that works closely with clients, architects, and interior designers to fulfill custom orders

The business is currently **family-owned**, with plans to expand into retail experience studios and global shipping by late 2025.

???? **What Makes Teak and Tanned Different**

- Ethically sourced **seasoned teakwood**
