Telemedicine

App Development

www.emedhealthtech.com

Ahmedabad, Gujarat Aug 17, 2025 (Issuewire.com) - EMed HealthTech provides an all-in-one [Telemedicine solution](#) to enable doctors to provide virtual doctor consultations and add an additional revenue stream. Our complete telemedicine package includes a Patient App, a Doctor App, and a Hospital App that can satisfy everyone's unique needs.

EMed HealthTech is a renowned telemedicine app development company that provides a HIPAA-compliant telemedicine platform which is a proven way to increase your patient visits and boost revenue.

It also increases patient satisfaction as they do not need to travel extra miles just for a routine checkup and primary doctor consultation.

The hospitals providing home visits, clinic visits, or telemedicine can benefit from this platform.

Our telemedicine platform has garnered the following positive reviews:

Multi-platform

Multi-lingual

Accept Global payments
