

UI/UX Designer Specializing in AI, Fintech, and SaaS Launches New Portfolio and Opens for Collaborations

From complex dashboards to seamless onboarding - design that drives clarity, trust, and growth

Charlotte, North Carolina Jul 23, 2025 ([Issuewire.com](https://www.issuewire.com)) - Product-focused UI/UX designer Olha Yevtushenko is unveiling a new online portfolio and is now open for international collaborations with startups and teams working in AI, fintech, and SaaS.

With a deep understanding of digital ecosystems, [Your Name] helps teams transform complex systems into intuitive, engaging experiences. From smart AI-based platforms to financial dashboards and SaaS tools, their work turns abstract logic into human-friendly design.

“I don’t just design interfaces - I design user behaviour. I create systems that not only look great but guide users through complex flows with ease,” says Olha Yevtushenko.

Key areas of expertise include:

- UX research & wireframing
- UI design for SaaS platforms and fintech products
- Dashboards, data visualisation, and onboarding flows

- Design systems and scalable components

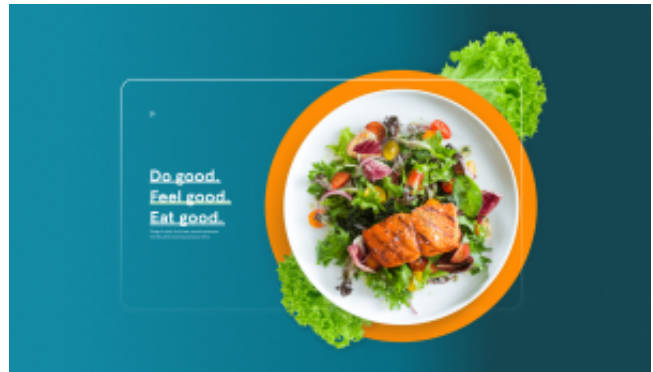

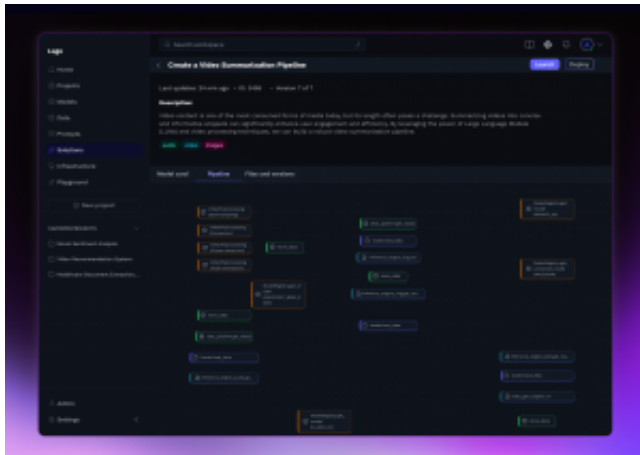

Collaborating remotely with international teams across Europe, the US, and Asia, [Your Name] has worked on projects from early MVP stages to large-scale product launches. Their approach combines product thinking, clean visual design, and attention to user psychology.
