Ardmore, Oklahoma Jul 19, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Meagan Nicole is proud to announce the release of her latest single, "Unheard", a powerful addition to the modern rock scene. Marked by high-energy vocal performances and a unique blend of retro synths and driving percussion, the track delivers a compelling sonic experience designed to both energize and captivate listeners.

Drawing inspiration from genre-defining acts such as Fleetwood Mac, Electric Light Orchestra, Paramore, The Naked and Famous, and CHVRCHES, "Unheard" stands out with its infectious energy, vibrant, and a restless spirit reminiscent of classic and contemporary rock. The dynamic interplay of mixed-gender vocals and textured instrumentation creates a sound that is both nostalgic and refreshingly modern.

With its steady tempo, and a mood that balances power, energy, and a touch of neutral valence, the song channels an unstoppable momentum—perfect for listeners seeking an anthemic and uplifting retro rock vibe. Meagan Nicole's use of autotune and synth layers adds a modern twist to familiar rock roots, making "Unheard" a must-hear for fans eager for both vintage and innovative sounds.

"Unheard" is now available, signaling a bold new chapter for Meagan Nicole and the evolving landscape of energetic, high-quality rock music.
