HOME ADVANTAGE

Near the Salem VA Hospital • Roanoke

Roanoke, Virginia Jul 4, 2025 ([Issuewire.com](https://www.issuewire.com)) - Veteran Home Advantage, a mission-driven real estate and mortgage company specializing in VA home loans, has officially expanded operations into Virginia. With a growing demand for veteran-focused housing support, the company now serves military families across the state — with local operations based in **Roanoke**, near the **Salem VA Medical Center**.

Founded by **Mark Deacon**, a veteran of the Royal Canadian Air Force and licensed real estate and mortgage professional, Veteran Home Advantage is known for its bold promise:

“Military and Veterans: Buy a Home with \$0 Down and \$0 Closing Costs — Guaranteed.”

This proven 3-step system has already helped hundreds of military families in Arizona become homeowners with no money out of pocket. Now, the company is bringing that same streamlined experience to service members, veterans, and their families across Virginia.

“We’re proud to bring Veteran Home Advantage to a region that means so much to us personally,” said Mark Deacon. “As a veteran myself, living right here in Roanoke, I know how difficult the transition to homeownership can be — especially when PCS orders hit or you’re separating from service. Our goal is to make the VA loan simple, powerful, and accessible.”

More Than a Company — A Cause

At the core of Veteran Home Advantage is a commitment to giving back. A portion of the company’s income from every closing is donated to **local veteran-focused charities**, helping support housing, reintegration, and family services throughout the community.

“Every home we help close helps us give back. And when someone refers a friend or family member to us, they’re not just helping them become a homeowner — they’re helping support veterans all over the region,” Deacon added.

Now Serving Virginia

Veteran Home Advantage now actively serves clients across the state of Virginia, including:

- Roanoke
- Salem
- Blacksburg
- Christiansburg
- And all surrounding military-connected communities
