

WORLD TRST UK Wins Landmark £100M Cyber Fraud Case in UK Courts

London-based law firm secures major legal victory in high-value cybercrime litigation.

London, United Kingdom Jul 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - Renowned London-based law firm WORLD TRST UK, legally registered in the United Kingdom and headquartered in Covent Garden, has announced a major legal breakthrough in a high-profile cyber fraud case exceeding £100 million in value.

With over a decade of experience in handling complex financial crime and cyber fraud litigation, WORLD TRST UK has solidified its standing as a leading authority in this critical legal field across the UK and internationally.

Dr. Falah Al-Dulaimi, founding partner and prominent Kuwaiti legal expert, commented:
“We are proud to have successfully managed one of the largest cyber fraud cases in recent years. It is a testament to our unwavering commitment to justice and protection of our clients’ rights.”

He added:

“This case is a landmark in our legal history and showcases our deep expertise in navigating the fast-evolving landscape of digital fraud and financial crime.”
