

WPeople Emerges as a Leading Enterprise WordPress Development Partner for Scalable Digital Solutions

Morrisville, North Carolina Jul 29, 2025 ([Issuewire.com](https://www.issuewire.com)) - **WPeople**, a premier WordPress development agency, proudly announces its continued growth as a trusted enterprise-level WordPress partner, delivering high-performance, secure, and SEO-optimized solutions tailored to modern business needs. With a team of over **100 skilled professionals** and **350+ successful projects** worldwide, WPeople is redefining what's possible with WordPress.

From **custom WordPress themes**, **WooCommerce store setups**, and **WordPress plugin development** to **secure site migrations** and **technical SEO**, WPeople empowers brands to elevate their digital presence. Their team specializes in clean-coded, performance-focused development practices that maximize ROI and long-term scalability.

Innovating with “Contact Form to API” Plugin

Among its innovative products, WPeople has also developed the powerful **Contact Form to API** plugin. It is designed to seamlessly connect any WordPress contact form with external APIs, CRMs, automation tools, and custom endpoints.

This no-code integration plugin simplifies how businesses handle form submissions, enabling real-time data sync with platforms like **Zapier**, **Make**, **HubSpot**, **Salesforce**, and custom REST APIs—without relying on middleware or manual workflows.

Key Features of Contact Form to API:

- Works with Contact Form 7, Elementor, WPForms, and more
- Direct API integration without coding
- Supports headers, custom payloads, and webhook logic
- Ideal for lead capture, automation, CRM syncing, and custom workflows

Used by hundreds of businesses, the plugin has become an essential tool for teams looking to automate and scale lead management with zero technical hassle.

Comprehensive WordPress Solutions Include:

- Custom WordPress Development & Theming
- WooCommerce & Multi-Vendor Store Creation
- Site Migrations from Shopify, Wix, and PrestaShop
- Custom WordPress Plugin Development
- Enterprise-Grade Security & Maintenance
- Technical SEO & SERP Optimization
- UI/UX-Centric Responsive Design
- API Integrations and Custom Workflow Automation
