Delaware city, Delaware Aug 14, 2025 ([Issuewire.com](https://www.issuewire.com)) - AAE Evaluations Delivers Fast, Accurate EB-2 NIW Expert Opinion & Recommendation Letters

Applying for the [EB-2 National Interest Waiver \(NIW\)](#) can feel overwhelming. You're not just asking for a green card — you're asking the U.S. government to recognize that your skills and contributions are important enough that you don't need a job offer. A standout component? The **Expert Opinion Letter**, often the linchpin of your petition.

That's where **AAE Evaluations** comes in. They offer **fast, accurate, and immigration-compliant Expert Opinion & Recommendation Letters** tailored for EB-2 NIW cases — and a whole lot more. In this article, we'll break down what makes their service so valuable, walk through the process you'll go through, and give you smart tips to strengthen your petition.

What Are EB-2 NIW Expert Opinion & Recommendation Letters?

[Expert Opinion Letters](#) are formal evaluations written by recognized field authorities — think PhDs, seasoned industry experts, or researchers. They don't know you personally, which makes their endorsement unbiased and prestigious. These letters spell out why your work matters, how you're uniquely qualified, and why granting the national interest waiver is beneficial for the U.S.

On the other hand, **Recommendation Letters** (or “support letters”) come from colleagues or collaborators who know you personally. Both types are helpful, but **Expert Opinion Letters carry more weight with USCIS**, thanks to their impartial viewpoint.
