"I was beyond impressed with Ascend Dental Studio. My first appointment with them was 100 stars! It started with Faith and Daniel being incredibly welcoming. My cleaning with Michelle was awesome. She was gentle and explained the entire process.

This next paragraph is what truly impressed me. I needed a crown and was heading out of town. They got me in for my temporary the same day and are currently rushing it for me to get the permanent next week.

Lilli and Tracy were awesome during the procedure. Tracy even told me that I could call at any time if I had a problem, and she would meet me at the Studio. Dr. Matt was incredibly professional, caring and informative.

This practice is clean with an amazing staff!! If you need dental work, this is the place to come!!!!!!"
