Future

Bharat Foundation, has been launched with a powerful mission: to create impact through **sports, health, education, and talent development**. Though currently in the process of formal registration, the foundation has already set its vision in motion with its first major project — the **Kharar Half Marathon 2025**.

Driven by the belief that change begins at the grassroots, Awaaz Bharat Foundation is dedicated to promoting a healthy, aware, and empowered generation. Its core work will focus on supporting young athletes, spreading awareness about physical and mental health, creating educational access, and recognizing hidden talent in society.

“We are not waiting for papers to make a difference. Awaaz Bharat is the voice of every young dreamer, every unheard talent, and every individual who believes in building a better tomorrow,” says **Reshib Choudhary**, Founder of the foundation.

The **Kharar Half Marathon**, scheduled for **November 23, 2025**, marks the foundation’s first major step. With categories ranging from **21KM to 1KM**, the event is designed to engage people of all ages, spread the message of **fitness, patriotism**, and raise **awareness against drug abuse**. The marathon also serves as a tribute to the **martyrs of the nation**, blending sport with service and pride.

“This is more than a race — it’s a movement for youth, for health, and for national pride,” added **Reshib Choudhary**.

Awaaz Bharat Foundation now invites **volunteers, collaborators, and supporters** to join this growing movement. With registration underway, the foundation aims to soon operate on a larger scale — supporting its causes with structured programs and widespread campaigns.
