

Award-winning Author Releases New Psychological Spy Novel Behind the Trigger

*YARIV INBAR

BEHIND THE TRIGGER

* A pseudonym of a former Israeli
Intelligence officer

New York City, New York Aug 20, 2025 ([IssueWire.com](https://www.issuewire.com)) - Yariv Inbar, the pseudonym of a best-selling Israeli novelist and former intelligence officer, announces the release of his new psychological spy thriller, *Behind the Trigger*. Following the success of his award-winning novel *Operation Bethlehem*, which won the prestigious 73rd National Jewish Book Award, Inbar delivers a gripping story that has already become a bestseller in Israel.

Set within Israeli intelligence, the novel follows Irit, a Mossad field agent, wife, and mother. Trained to complete missions—not confront her past—she unexpectedly forms a bond with Noor, the wife of a senior Syrian weapons engineer. Their connection turns a covert assignment into a raw psychological reckoning, blurring the line between duty and humanity.

Israeli intelligence stunned the world with its precision strikes against Iranian nuclear scientists in the opening blow of the 12-Day War. If you've ever wondered how Israel knows where every missile engineer is in real time, *Behind the Trigger* offers a chillingly plausible answer.

Early praise calls the novel “superb” (*The Cipher Brief*) and “an unforgettable experience” (Prof. Yoram Yovell).

Behind the Trigger is now available worldwide on Amazon in Kindle and hardcover editions:
