

Blockchain Focus: DL Mining Now Supports Free Cloud Mining for XRP and BTC, with Daily Passive Income Up to \$7,377

The graphic features the DL Mining logo in the top left, which consists of a stylized 'DL' in a blue and yellow square followed by the text 'DL Mining'. In the center is a 3D illustration of a blue and purple mining machine with a large Bitcoin symbol on its front. Several Bitcoin coins are shown floating around the machine. On the right side, there are two callout boxes. The top one is blue with white text that says 'Sign up to join DL Mining and get \$15'. The bottom one is yellow with black text that says 'Daily check-in will earn you \$0.6'.

London, United Kingdom Aug 22, 2025 ([Issuewire.com](https://www.issuewire.com)) - Over the past week, the cryptocurrency market has seen a significant surge, with prices of major digital assets such as Bitcoin (BTC), Ethereum (ETH), Solana (SOL), and Ripple (XRP) hitting new highs. A series of pro-cryptocurrency bills passed in the United States, coupled with former President Trump's optimistic remarks about the future of the digital financial system, have further fueled this bullish momentum. Riding this wave of market growth, savvy investors have strategically shifted their cryptocurrency assets to the trusted cloud mining platform DL Mining to maximize passive income opportunities. By leveraging DL Mining's advanced mining technology, many users now enjoy stable daily earnings of up to \$7,377, further solidifying its reputation as a reliable cryptocurrency profit channel.

About [DL Mining](#): An Industry Benchmark with 11 Years of Stable Operation

Founded in 2014 and headquartered in the UK, DL Mining has served over 5 million users across more than 100 countries and regions worldwide. With seven years of stable operation, it has built an excellent reputation. As the world's first cloud mining platform integrating artificial intelligence and renewable energy, DL Mining is committed to delivering a more efficient and eco-friendly mining experience,

consistently leading industry innovation. Notably, the platform holds over 8,000 Bitcoins as strategic reserves, providing solid guarantees for users' investment returns and making earnings more stable and reliable.

Cloud Mining: A Low-Threshold Way to Participate in Crypto Earnings

Cloud mining refers to users participating in mining by renting computing power from remote data centers, eliminating the need to purchase, install, or maintain mining equipment themselves. Unlike traditional mining, which requires building a mining farm, bearing equipment costs, and assuming operational risks, cloud mining allows investors to easily participate in cryptocurrency mining and earn continuous income with just an internet connection, completely breaking down the high barriers of traditional mining.

Core Advantages of DL Mining: Security, Transparency, and High Returns

DL Mining stands out among numerous platforms due to its multiple user-friendly advantages:

- **[Free New User Benefits](#):** Register and get a \$15 (new user bonus) to start mining with zero investment, and earn an additional \)0.60 daily by checking in.
- **Secure and Stable Appreciation:** Leveraging decentralized technology to provide a safe, convenient, and stable solution for digital asset appreciation with predictable returns.
- **Eco-Friendly Operations:** Mining farms are fully powered by renewable energy such as solar and wind, reducing costs while fulfilling environmental responsibilities.
- **Transparent with No Hidden Fees:** The platform has no hidden charges, and earnings are real-time trackable, giving users clear visibility of their income.
- **Generous Affiliate Rewards:** A lucrative affiliate program offers up to \$80,000 in additional rewards for referring friends, with unlimited earning potential.

Three Steps to Start Mining with DL MiningStep 1: Free Registration, Easy to Get Started

Complete registration in just 1 minute to receive the \$15 new user bonus. No initial investment is required, and you can start earning basic income daily.

Step 2: Choose a Suitable Mining Contract

The platform offers diversified contract solutions covering mainstream cryptocurrencies like XRP, BTC, LTC, and DOGE, catering to different needs for short-term experience or long-term investment.

Step 3: Automatic Mining, Daily Earnings Credited

Once the contract is activated, the system automatically runs the mining process. Daily earnings are settled in real-time and deposited into your account, requiring no manual operation—making investment hassle-free and efficient.

Note: All contracts automatically settle profits daily. When your account balance reaches \$100, you can withdraw funds to your personal cryptocurrency account at any time or choose to purchase additional

contracts for compound growth.

Affiliate Program: Refer Friends, Double Earnings

DL Mining offers a generous reward mechanism for promoters—the more users you refer, the higher your potential income. Through the unlimited commission system, users can significantly boost their mining profits, turning "sharing" into a source of income.

Conclusion: Start Your Zero-Threshold Crypto Passive Income Journey

As a leading cloud mining platform, DL Mining provides fast, secure, and user-friendly services, paving a reliable path to financial freedom for investors. Whether you're seeking a secondary income source or pursuing high-return cryptocurrency investments, DL Mining offers tailored tools and opportunities.
