

Board-Certified Pathologist Dr. David Zagzag, MD, PhD, Advances Diagnostic Excellence in New York

Globally Recognized Expert in Molecular Pathology, Neuro-Oncology, and Diagnostic Medicine

New York City, New York Aug 5, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dr. David Zagzag, MD, PhD, an esteemed pathologist and research leader based in New York, is internationally recognized for his deep expertise in molecular diagnostics, central nervous system oncology, and translational pathology. With decades of clinical practice and groundbreaking research experience, Dr. Zagzag combines scientific rigor with

compassionate care to support accurate diagnosis and precise treatment guidance.

Dr. Zagzag earned both his medical degree and doctoral degree in neuroscience and pathology before completing residency and fellowship training at top-tier institutions. He has held faculty appointments and leadership roles at several prestigious centers, including directorships in molecular diagnostics and academic pathology, bridging the worlds of patient care, research innovation, and education.

Specializing in the pathology of brain tumors, metastases, and neurodegenerative processes, Dr. Zagzag is renowned for interpreting complex biopsy specimens and integrating molecular and genetic testing into clinical decision-making. His work has impacted hundreds of diagnostic pathways, enabling patients and physicians to make informed treatment decisions with higher confidence.

In addition to clinical service, Dr. Zagzag has contributed extensively to scientific literature and has led large-scale research initiatives, including clinical trials in neuro-oncology, biomarker development, and cancer genomics. His leadership has helped shape standards of care and promote the integration of personalized medicine approaches across academic and community settings.

Dr. Zagzag continues to serve as a consultant and reviewer in diagnostic pathology, guiding both clinicians and laboratories toward best practices in quality assurance and precision diagnostics. His commitment to excellence and innovation positions him as a key resource in pathology and pathology education in New York and beyond.
