Employees of BTW Group, together with enthusiastic volunteers, planted saplings at this environmentally sensitive site chosen for its potential to aid ecosystem restoration.

Harshad Bhutada, the company's manager and spokesperson, said, "We are incredibly proud of everyone who took part in this initiative. By planting trees, we're not only greening our surroundings but also sowing seeds of hope for the future and strengthening our bond with nature. It was a fantastic opportunity for our team to step outside the office and make a tangible difference."

This tree-planting drive at Dive Ghat underscores BTW Group's ongoing dedication to community welfare and environmental conservation. The newly planted trees will help stabilize the hillside ecosystem, boost biodiversity, and contribute to cleaner air and a healthier climate for the people of Pune.
