Reviving Ancient Wisdom for the Modern Home: Experience the Healing Power of Kansa

Gorakhpur, Uttar Pradesh Aug 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - Darbar Craft, a leading name in traditional Indian brassware and artisanal decor, proudly announces the expansion of its [kansa utensils](#), blending timeless design with the healing principles of Ayurveda. This new range of **Kansa kitchen and dining ware** includes dinner sets, thalis, bowls, baby feeding sets, and drinkware – all handcrafted to bring health, tradition, and beauty into Indian homes.

Rooted in Ayurveda, **Kansa (bell metal)** is celebrated for its therapeutic benefits. Unlike ordinary metals, Kansa is believed to **balance the three doshas – Vata, Pitta, and Kapha**, improve gut health, and enhance digestion. With increasing consumer interest in mindful and wellness-centric living, Darbar Craft's newly launched Kansa collection is the perfect confluence of **health, heritage, and handcrafted elegance**.

"Kansa is not just metal—it's a legacy. With this expanded collection, we are reconnecting our customers with ancient Indian wisdom while giving them a luxurious dining experience," says **Sunil Kumar Gupta**, Founder of Darbar Craft.

Highlights of the new collection:

The entire collection is **handcrafted by skilled artisans** from India's traditional metal-working communities, ensuring authenticity, purity, and sustainability. The pieces are not only beautiful to look at but also **designed to last for generations**.

As a brand deeply rooted in cultural revival, Darbar Craft continues to lead the charge in reintroducing India's rich artisan heritage to the modern lifestyle, one handcrafted product at a time.
