

Dr. Cindy Osborne: A Leading Expert in Geriatric Oncology at Texas Oncology – Baylor Charles A. Sammons Cancer Center

Providing Compassionate, Comprehensive Cancer Care for Older Adults in Dallas

New York City, New York Aug 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - Baylor Charles A. Sammons Cancer Center is proud to announce the continued work of Dr. Cindy Osborne, a board-certified medical oncologist with a specialized focus in geriatric oncology. With over 25 years of experience in the field, Dr. Osborne brings a wealth of knowledge and a compassionate approach to cancer treatment for older adults in the Dallas area.

Dr. Osborne graduated from the University of Texas Medical Branch at Galveston School of Medicine and completed her residency in internal medicine, along with dual fellowships in medical oncology and geriatrics, at the same institution. Her extensive training equips her to address the complexities of cancer care in older patients, ensuring that treatment plans are tailored to meet their unique medical and emotional needs.

At Texas Oncology, Dr. Osborne is committed to delivering comprehensive cancer care with a profound understanding of the unique challenges faced by aging patients. She has garnered a reputation for her empathetic bedside manner and her ability to communicate complex medical information in a clear and understandable way, earning praise from both patients and colleagues alike.

Fluent in both English and Spanish, Dr. Osborne is well-equipped to serve a diverse patient population, ensuring that language barriers do not hinder access to high-quality oncology care. Her affiliation with Baylor Scott & White Health hospitals in the Dallas area allows her to collaborate closely with a network of healthcare professionals, enhancing the continuum of care for her patients.

Dr. Osborne's contributions to the field of oncology have not gone unnoticed. She has received several prestigious awards, including the Lefebvre Academic Award in Geriatric Medicine and recognition from the American Society of Clinical Oncology and the American Medical Association. Her scholarly work includes participation in numerous phase I-III clinical trials in breast cancer, with her research published in esteemed journals such as the Journal of Clinical Oncology and NPJ Breast Cancer.

A committed advocate for research and education, Dr. Osborne remains focused on delivering evidence-based, patient-centered oncology care. Her dedication to improving the lives of older adults battling cancer positions her as a valuable asset to the Texas Oncology team and the Dallas community.
