Mumbai, Maharashtra Aug 13, 2025 ([Issuewire.com](https://www.issuewire.com)) - In a momentous recognition of its contribution to India's engineering exports, [Thermal Instrument India Pvt. Ltd.](#) & [Minco India Flow Elements Pvt. Ltd.](#), announced that – they have been honored with **three prestigious awards** at the **EEPC India Export Awards**, organized by the Engineering **Export Promotion Council (EEPC)**, Ministry of Commerce, Government of India.

The EEPC India Export Awards are among the most respected accolades in India's engineering sector, recognising companies that excel in innovation, technology, and export performance. Winning in high-technology product categories plays a key role in taking India's precision engineering to the global market.

Award Highlights:

- [Special Trophy for Excellence in Exports of High Technology Products \(2022–23\) – awarded to Thermal Instrument India Pvt. Ltd.](#)
- [Special Trophy for Excellence in Exports of High Technology Products \(2022–23\) – awarded to Minco India Flow Elements Pvt. Ltd.](#)
- [Star Performer Export Award \(Western Region\) – awarded to Thermal Instrument India Pvt. Ltd.](#)

These awards were received by the Consortium's CEO & Managing Director, **Mr. Raghavendra Kulkarni**, and Director, **Ms. Sriya Kulkarni**, during a ceremony celebrating India's engineering excellence.

Mr. Raghavendra Kulkarni commented:

"We are proud to represent Indian innovation on the global stage. These awards reflect the dedication of every team member – from shop floor to management – whose efforts ensure our products consistently meet international standards. We thank EEPC India for recognising our commitment, and we remain focused on driving Indian engineering forward."

Known for discipline, precision, and reliability, we are trusted across industries for delivering consistent performance. The group continues to innovate in process control instrumentation, contributing to India's standing as a trusted partner in the global supply chain.

Looking ahead, we are committed to expanding our international footprint, introducing next-generation solutions, and strengthening India's reputation for manufacturing excellence.

About Thermal Instrument India Pvt. Ltd. & Minco India Flow Elements Pvt. Ltd.:

Headquartered in Mumbai, our group is a globally trusted manufacturer and exporter of process control instruments, supplying clients in over 60 countries. **Thermal Instrument India Pvt. Ltd. & Minco India Flow Elements Pvt. Ltd.** are the proud owners and core manufacturing units of the General Instruments Consortium brand.
