Lansdale, Pennsylvania Aug 28, 2025 ([IssueWire.com](https://www.issuewire.com)) - The grand opening party featured a ribbon-cutting ceremony joined by several major distributors from the U.S. East Coast aftermarket channel. At the event, Hushan unveiled multiple new product lines, including **CAPA Certified Rearview Cameras (CAPA 702)** and **Ultrasonic Sensors (CAPA 703)**.

Hushan is currently the **first and only manufacturer** in the U.S. aftermarket to offer CAPA-certified rearview cameras and ultrasonic sensors. CAPA certification ensures that these parts meet rigorous quality standards, making them widely recognized by most insurance companies as **eligible replacement parts for claims settlement**. This provides consumers with both cost-effective and reliable alternatives in the auto repair process.

Founded in Taiwan and officially listed on the stock exchange in 2024, Hushan has steadily expanded its global footprint. The company now operates service offices and showrooms on both the U.S. West Coast and East Coast. The opening of the Colmar, Pennsylvania center marks another milestone in strengthening customer service and distributor support in the East Coast market.

At the launch event, Hushan also showcased several **newly released exterior door handle models (July 2025 new products)** alongside the CAPA-certified cameras and sensors, reinforcing its commitment to continuous innovation and high-quality aftermarket solutions.
