

Imaze Marian Davis, DPM, MBA: A Trailblazer in Podiatric Medicine Dedicated to Excellence and Patient-Centered Care

Delivering Advanced, Patient-Centered Foot and Ankle Care in Miami, Florida

New York City, New York Aug 18, 2025 ([Issuewire.com](https://www.issuewire.com)) - Marian Davis, DPM, MBA, DABPM, CWSP, DABMSP, FACPM, FFPM RCPS (Glasg), is a distinguished podiatric physician and surgeon whose expertise in foot and ankle care has transformed the lives of countless patients. As the founder of Marian Davis, DPM, PA, in Miami, Florida, she has built a reputable practice that seamlessly integrates advanced medical treatments with a holistic, patient-centered philosophy.

Dr. Davis specializes in a wide range of services, from foot and ankle trauma surgery and sports medicine to diabetic foot care and comprehensive wound management. Her practice also offers advanced treatments such as laser therapy for toenail fungus, radiofrequency therapy for heel pain, and in-home care for elderly, home-bound patients.

“Chronic foot or ankle pain can significantly diminish one’s quality of life,” said Dr. Davis. “Our commitment is to ensure that care is convenient, accessible, and tailored to meet the diverse needs of our patients.”

Her current hospital affiliations include North Shore Medical Center (HSA), Jackson North Medical Center, Jackson South Hospital, and Hialeah Hospital (HSA). She has previously treated patients at HCA Florida Aventura Hospital, West Gables Rehabilitation Hospital, South Florida Surgery Center, Southern Wings Nursing Home, St. Catherine’s Rehabilitation Hospital, and Villa Maria Nursing Center—reflecting a career rooted in clinical excellence across multiple respected institutions.

Dr. Davis serves as the supervisor of the podiatric residency training program at Westchester General Hospital, where she plays a vital role in training the next generation of podiatric surgeons and physicians. In addition, she was appointed and trained by the Council of Podiatric Medical Education (CPME) as a residency program evaluator, further contributing to the advancement of podiatric education nationwide.

Her leadership is reflected in her active participation in professional organizations, including the Association for the Advancement of Wound Care, the American College of Healthcare Executives, the Academy of Minimally Invasive Foot and Ankle Surgery (AMIFAS), and the Florida Podiatric Medical Association. In 2023, she was appointed to the Board of Directors of the American Board of Podiatric Medicine (ABPM) and named International Chair, a role that highlights her influence on the global stage of podiatric medicine.

Dr. Davis’s journey began in Benin City, Nigeria, where she was raised before attending a private Catholic high school in England. Motivated by a passion for medicine, she pursued her undergraduate education in the United States, earning a Bachelor of Science in Biology with a Minor in Chemistry from Kentucky State University at just 19 years old. She also earned a Bachelor of Arts in Liberal Studies through the Whitney Young Honors Collegium, with an emphasis on community service and leadership.

She went on to obtain both her Doctor of Podiatric Medicine and Master of Business Administration from Barry University, completing her surgical training at the Westchester General Hospital Podiatric Surgical Residency Program, where she refined her skills as both a foot and ankle surgeon and a primary care podiatric physician.

Dr. Davis co-authored the clinical study titled *"Healing Wounds with a Multimodal Botanical Hydrogel: A*

Clinical Outcomes Comparison," which highlights her commitment to advancing evidence-based wound care.

Dr. Davis is board-certified by the American Board of Podiatric Medicine and the American Board of Multiple Specialties in Podiatry, and she is also a Certified Wound Specialist Physician. Her fellowship status with the American College of Podiatric Medicine and the Royal College of Physicians and Surgeons of Glasgow underscores her international recognition and professional distinction.

Throughout her career, Dr. Davis has remained committed to improving outcomes for patients with diabetic foot complications and chronic wounds. Her evidence-based, meticulous approach has earned her a reputation for excellence in limb salvage and complex wound care. Beyond clinical practice, she is a passionate advocate for education and mentorship, promoting best practices in podiatric medicine and wound management.

"I believe that education is key to empowering both patients and healthcare professionals," Dr. Davis stated. "By sharing knowledge and experiences, we can improve practices and outcomes in podiatric care."

As Dr. Imaze Marian Davis continues to lead her practice and mentor aspiring healthcare professionals, she remains steadfast in her mission to provide exceptional, compassionate care to her patients in Miami and beyond. Her extensive training, leadership roles, and unwavering dedication position her as a true trailblazer in the field of podiatric medicine.
