

Introducing AI Interview Copilot: The Smartest Way to Ace Interviews with AI in 2025

Manhattan, New York Aug 7, 2025 ([Issuewire.com](https://www.issuewire.com)) - **LockedIn AI**, creators of the revolutionary AI Interview Copilot, today announced the launch of its most ambitious feature yet: **Auto Job Apply** — a fully automated AI-powered system that finds and applies to job opportunities on behalf of users, at scale.

In a world where the average job seeker applies to hundreds of roles and still struggles to land interviews, **Auto Job Apply** brings automation, intelligence, and efficiency to the forefront of career success.

"We built LockedIn AI to eliminate the friction and failure points of the modern job hunt," said **Kagehiro Mitsuyami**, Founder of LockedIn AI. "Auto Job Apply is the next step in our mission—to help candidates win, not wear themselves out."

Key Features of Auto Job Apply:

- **Live Job Board Integration** – Scans and pulls roles from top platforms including LinkedIn, Indeed, AngelList, and more.
- **AI Matching Engine** – Aligns your resume and skills with the most relevant job opportunities.
- **Automated Application Submission** – Customizes and submits applications 24/7—no clicks needed.
- **Tracking & Insights Dashboard** – See where you've applied, what's pending, and which roles get traction.
- **User-Controlled Privacy & Filters** – You choose industries, locations, and roles. We handle

the rest.

Built for the Future of Work

As hiring processes become more automated, so should your job search. LinkedIn AI's Auto Job Apply ensures candidates never miss a single opportunity—while freeing up time to focus on interview prep, networking, and negotiation.

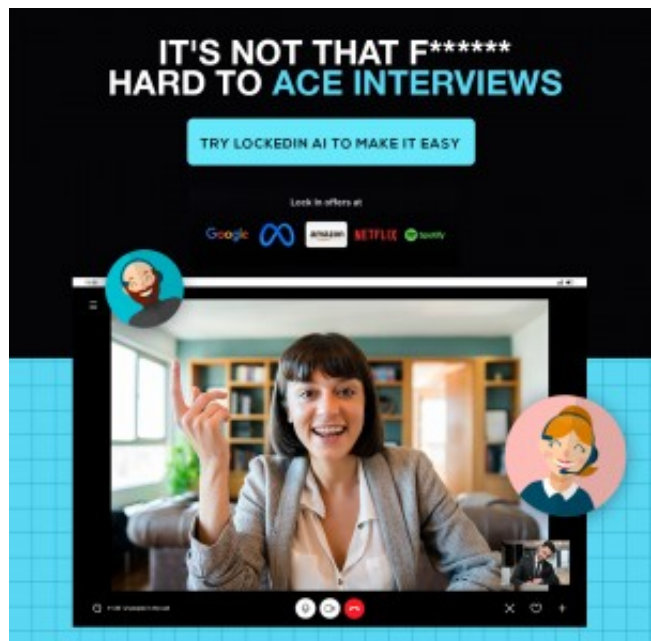

Now Live – Get LockedIn

The Auto Job Apply feature is officially live for all LinkedIn AI users. It's fully integrated with the Interview Copilot system, making LinkedIn the most complete AI-driven career toolset on the market.
