

Introducing SalesTarget.ai: The AI-Powered CRM Redefining B2B Lead Gen & Cold Outreach

SalesTarget.ai is an AI-powered platform combining 50M+ verified leads, automated cold email outreach, and CRM in one place—helping B2B teams boost outreach, improve deliverability, and scale revenue faster with zero upfront cost.

Bakersfield, California Aug 4, 2025 ([Issuewire.com](https://www.issuewire.com)) - SalesTarget.ai, a revolutionary AI-driven sales enablement platform, has officially launched to help B2B companies, sales teams, and marketing agencies supercharge their outreach with verified leads, automated email campaigns, and an integrated CRM — all in one place.

Designed to solve the pain of outdated lead lists, poor deliverability, and scattered workflows, SalesTarget.ai brings together everything a growth team needs to scale.

"We built SalesTarget.ai to eliminate the guesswork in cold outreach," said Kartikeya Mishra, Founder & CEO. "With 50M+ verified leads, warm domain setup, and automated sequences, we help teams close more deals, faster."

Key Features of SalesTarget.ai

Lead Explorer: Access 50M+ human-verified B2B leads, with advanced filters by title, company size, industry, and more.

Email Outreach Automation: Warm up new domains, schedule cold emails, personalize sequences with

AI, and track deliverability in real-time.

Built-in CRM: Manage leads, deals, tasks, meetings, and pipelines — with seamless integration into your sales workflow.

AI-Powered Targeting: Predictive lead scoring and smart segmentation to prioritize high-converting prospects.

Free Starter Credits: Get started with 100 free lead credits — no payment required.
