

Island Insurance Group Launches Free Lawsuit Cost Calculator for Florida Small Businesses

New online tool helps business owners instantly estimate the potential cost of lawsuits—and take action to protect their future.

Miami, Florida Aug 4, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Island Insurance Group, a leading Florida-based commercial insurance agency, today announced the launch of a free, easy-to-use **Lawsuit Cost Calculator for Small Businesses**. The first of its kind focused on Florida businesses, this digital tool gives owners and entrepreneurs an instant, personalized estimate of how much a lawsuit could actually cost their company.

Legal costs, settlements, and lost productivity from lawsuits can devastate even thriving businesses. According to industry data, the average cost of a lawsuit for a Florida small business can range from \$30,000 to well over \$100,000, depending on the industry and type of claim. Yet, most owners dramatically underestimate their exposure—and risk being caught unprepared.

“Every week, we see local business owners blindsided by legal claims,” said Samuel Bennett, Licensed Insurance Agent and founder of Island Insurance Group. “Our goal is to give Florida businesses the power to see their real risk—and to offer solutions that protect their bottom line and their peace of mind.”

The **Lawsuit Cost Calculator** uses industry and regional data to provide a risk estimate based on a business’s sector, size, revenue, and potential claim type. The tool is free to use, requires no signup, and is available now at:

Key features of the calculator include:

- Instant, anonymous estimates of potential lawsuit costs for any Florida business
- User-friendly, mobile-ready design—no signup or personal information required
- Tailored follow-up resources, including a free business insurance assessment and expert consultation

Samuel Bennett, a licensed insurance professional with over a decade of experience serving Florida businesses, is available for interviews and expert commentary on risk management, insurance solutions, and real-world case studies of legal claims affecting small business owners.
