

Jessica McGill, PA-C: Championing Patient-Centered Care at Family Urgent Care in Hebron, Ohio

Providing Accessible, Compassionate, and Effective Healthcare

New York City, New York Aug 26, 2025 ([Issuewire.com](https://www.issuewire.com)) - Family Urgent Care is proud to highlight the exceptional contributions of Jessica McGill, PA-C, a dedicated board-certified physician assistant who has been an integral part of the team. With a firm commitment to delivering comprehensive, patient-centered care, Jessica plays a vital role in diagnosing and treating a wide range of acute and chronic conditions within the urgent care setting.

Jessica earned her Master of Science in Biomedical Science/Physician Assistant Studies from the esteemed University of Toledo. Her extensive clinical training has equipped her with a robust foundation in evidence-based medicine, allowing her to provide high-quality care to her patients. Whether treating minor injuries, managing chronic health issues, or performing routine check-ups, Jessica's approach is always centered around the needs and concerns of her patients.

"I attribute my success to my passion for what I do," Jessica shared. "Every day, I have the privilege of working with patients from all walks of life, and it is incredibly rewarding to help them navigate their health challenges. I strive to ensure that every patient feels informed and supported throughout their care journey."

Jessica's dedication to fostering trust and open communication with her patients has earned her a loyal following in the Hebron community. She believes that effective healthcare is built on strong relationships, and she takes the time to listen to her patients' concerns, answer their questions, and involve them in their treatment plans. This patient-centered approach not only improves health outcomes but also enhances the overall experience for those seeking care at Family Urgent Care.

In addition to her medical career, Jessica enjoys gardening, finding it to be a relaxing and creative outlet that complements her work in healthcare. She believes that nurturing plants helps her cultivate the same care and attention she provides to her patients, creating a balance in her life that ultimately benefits both her personal and professional endeavors.
