Leanball is a musician known for blending genres such as afrobeat, hiphop, electronic, soul, indie, and rnb music to create an amazing new sound. His style often features atmospheric sounds, very catchy melodies, and innovative production techniques.

New York City, New York Aug 27, 2025 (Issuewire.com) - Leanball is a musician known for blending genres such as afrobeat, hiphop, electronic, soul, indie, and rnb music to create an amazing new sound. His style often features atmospheric sounds, very catchy melodies, and innovative production

techniques. As an artist and a music producer, Leanball has gained recognition for his creative approach to songwriting and has built a dedicated following through captivating live performances and released tracks.

Leanball's single Pain features on BTTS Vol 5 hosted by Jadakiss. He also features Lil'B THEBASEDGOD on two of his singles Say My Name and Feel It. Leanball is a promising talent. Locally respected and internationally recognised.

The song "Pain" is by Nigerian Afrobeats rapper and producer Leanball. The track was released in 2021 and was featured on American rapper Jadakiss's mixtape Back to the Streets Volume 5.

Leanball has stated that the song is based on true-life events and is a lyrical narrative drawn from his personal experiences. The song's lyrics describe the pain of betrayal and the internal struggle to move on from a toxic relationship, using metaphors of imprisonment and manipulation.

You can listen to "Pain" by Leanball on several streaming platforms, including:
