

Lifelong Expands Partnership with RSI to Deliver Cloud-Based POS Solutions for Liquor Stores

Lifelong and RSI join forces to simplify compliance and modernize point-of-sale operations for high-risk liquor retailers nationwide.

Atlanta, Georgia Aug 8, 2025 ([Issuewire.com](https://www.issuewire.com)) - Lifelong Merchant Services is deepening its partnership with Retail Systems Inc. (RSI) to bring modern, cloud-based POS solutions to liquor stores across the country. After years of successful collaboration in the vape space, the two companies are expanding efforts to better serve high-risk liquor retailers who are ready to streamline operations and

stay compliant.

RSI, a longtime provider of POS systems for restaurants, grocery stores, and retail shops, has referred vape clients to Lifelong for years. Now, RSI will begin sending liquor store leads to Lifelong as well, including converting select existing accounts to Lifelong's purpose-built POS platform.

“We’re thrilled to expand our partnership with RSI and take this collaboration to the next level. This growth is a testament to the strength of our shared vision and the incredible value we’re creating together. The future is bright, and we’re just getting started,” said **Nick Ruggerio, Chief Operating Officer at Lifelong**.

Lifelong’s POS system is already trusted by thousands of regulated businesses. It was built from the ground up to support the unique needs of high-risk industries like vape and liquor. Liquor store owners who switch can expect:

- Dual pricing that helps offset rising card fees
- Built-in ID verification to meet compliance standards
- Real-time inventory tracking, including case break automation
- Customizable reporting tools for audits and tax filing
- Extended support hours, including nights and weekends

With RSI’s footprint and Lifelong’s cloud infrastructure, liquor retailers can access a scalable, reliable system backed by teams that understand the real risks store owners face.

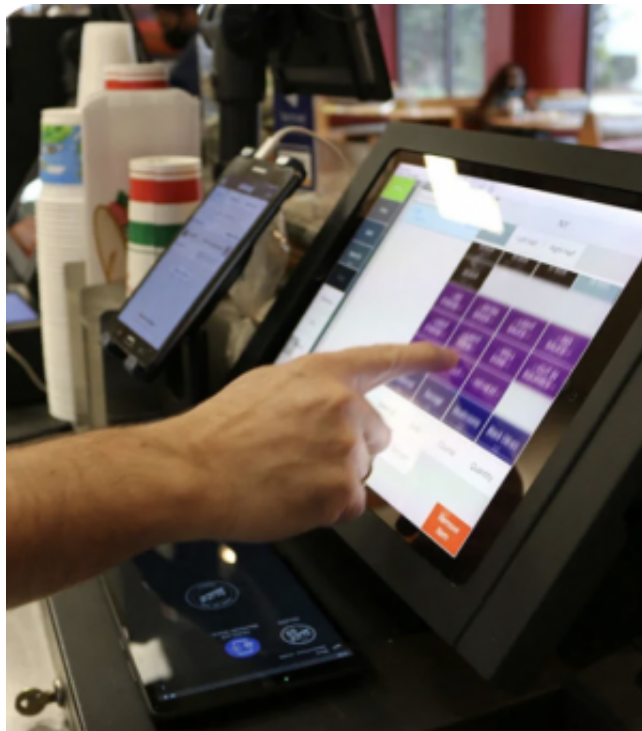

“We’ve seen firsthand how complex the compliance landscape can be for high-risk retailers. Partnering with Lifelong allows us to give liquor store owners access to a system that’s not only built for their industry but backed by a team that understands their challenges. Together, we’re helping these businesses operate more confidently and efficiently,” said **Dustan Eberhardt, Vice President of Field Operations at Retail Systems Inc.**

About Lifelong Merchant Services

Lifelong Merchant Services provides high-risk-approved POS systems, payment processing, and compliance support for regulated industries. From vape to liquor, Lifelong helps business owners protect their revenue, simplify operations, and stay in good standing with their merchant accounts.

About Retail Systems Inc. (RSI)

Retail Systems Inc. has delivered hands-on POS solutions to the food, beverage, and retail sectors for decades. RSI specializes in helping small and mid-sized operators manage inventory, sales, and customer engagement through easy-to-use technology and responsive service.
