

Mangoal Unveils OEM Style Fleet Dash Cam for 2020 Ford Ranger SuperCrew

Mangoal, a leading provider of OEM-style automotive dash camera solutions, announces the launch of its Discrete Mount Fleet Camera designed exclusively for 2020 Ford Ranger SuperCrew. The dual-camera hidden installation behind the rearview mirror.

Burlington Township, New Jersey Jan 29, 2026 (Issuewire.com) - [Mangoal](#), a leading provider of OEM-style automotive dash camera solutions, announces the launch of its [Discrete Mount Fleet Camera](#) designed exclusively for the **2020 Ford Ranger SuperCrew**. The dual-camera system delivers **4K Ultra HD (front)** and **1080p (rear)** recording in a factory-style, hidden installation behind the rearview mirror..

The new custom-fit kit integrates seamlessly with the Ranger SuperCrew's interior aesthetics, ensuring *no exposed wiring* while preserving driver visibility and maintaining an OEM look. Built around a premium CMOS sensor and **f/1.8 aperture**, the system excels in low-light conditions and supports loop recording with G-Sensor event locking for critical footage protection.

Key Features

- **Custom Fit Integration:** Precision fitment for the 2020 Ford Ranger SuperCrew; blends with factory design and mounts discreetly behind the rearview mirror.

- **Ultra HD Video:** Front 4K and Rear 1080p capture with wide dynamic range and excellent low-light performance.
- **Wi-Fi & App Control:** View, download, and share videos via the companion mobile app.
- **Smart Recording:** Loop recording and G-Sensor event lock to safeguard important events.
