

MNB Research Recognized as India's Best Business Growth and Consultancy Service Provider, Launches AbroBot – AI Advisor

MNB Research Recognized as India's Best Business Growth and Consultancy Service Provider, Launches AbroBot – AI Advisor for Abroad Education

Faridabad, Haryana Aug 25, 2025 ([IssueWire.com](https://www.issuewire.com)) - MNB Research, a leading business consultancy and professional services firm, has been recognized as India's Best Business Growth and Consultancy Service Provider, reaffirming its position as a trusted partner for companies striving for sustainable growth, innovation, and market leadership.

Founded by Mridul Nanda, MNB Research has rapidly established itself as a one-stop solution for enterprises across industries—offering expertise in business strategy, market intelligence, digital marketing, financial analysis, operational efficiency, and technology-driven growth solutions. With a strong commitment to delivering measurable impact, the firm blends deep research insights with hands-on execution to help organizations achieve long-term success.

“At MNB Research, our mission is simple yet powerful—to transform data into decisions and ideas into impact. We take pride in being a growth partner for startups, SMEs, and large enterprises by offering tailored solutions that align with their unique business goals,” said Mridul Nanda, Founder & CEO of MNB Research.

MNB Research's diverse portfolio of services includes:

Business Growth Strategy & Execution – Roadmaps that accelerate revenue and market expansion.

Market Intelligence & Research – Industry reports, competitor benchmarking, and consumer insights.

Digital Marketing & Branding – End-to-end solutions for visibility, reputation, and engagement.

Financial & Operational Consulting – Cost optimization, financial modeling, and performance improvement.

Technology & Innovation Support – AI-driven tools, SaaS solutions, and website development through its digital division MNB Enso.

In addition to its consultancy excellence, MNB Research has also launched AbroBot (www.abrobot.ai) – an AI-powered abroad education advisor trained on 25+ lakh student reviews and insights from 4,000+ global consultants. AbroBot simplifies the complex journey of studying abroad by providing students with personalized guidance, university recommendations, and career-oriented insights in real time. With its data-driven approach and 10-day free trial offering, AbroBot is poised to revolutionize the international education consulting space, making MNB Research not just a leader in business growth but also an innovator in AI-driven student advisory solutions.

With a growing presence in India and global markets, MNB Research continues to be the preferred choice for companies looking to adapt, innovate, and scale, while simultaneously building solutions like AbroBot that empower students worldwide.

About MNB Research
