

NEW AUDIO RECORDING-LYRIC VIDEO “OH YES (From your Heart)” from Wil Hinkson

Pop Music lyric video

Andorra la Vella, Andorra Aug 27, 2025 (Issuewire.com) - Oh Keh Muse, label home to the songwriter, singer and producer of pop music known as Wil Hinkson has today released a new lyric music video on [Dailymotion.com/wilmusic](https://www.Dailymotion.com/wilmusic).

The song was inspired by a young French woman who emitted a very powerful, positive radiation when

they met. Wil wrote, "From your heart to me" - he could clearly feel the generation and how beautifully it affected him...he said "Oh Yes, this is good" - now translated into music and a video of two minutes and twenty-eight seconds

The slow, calm, rhythmic, rather tender ambiance, fits well within Wil's style of composition and recording...simple structures based on a Spanish acoustic-electric guitar embellished with strings, choirs and Wil's double-tracked vocals. Once again people say they feel very peaceful listening to the song. ...a kind of antidote to a fast moving sometimes brutal world.

Wil cites as main artistic influences Crosby Stills & Nash, the Eagles, the Bee Gees, Journey, Foreigner, Toto...the harmony bands.....and Phil Collins ...one of the greats of all time.,

When asked for a comment Wil says "It would be wonderful if we all had the talent and desire to generate positivity the way the French woman does" ...n'est ce pas?

"OH YES (*From your Heart*) by Wil Hinkson on the Oh Keh Muse label is available on all major digital music stores online worldwide now, including Spotify, Apple Music, iTunes, Amazon Music, Tidal, YouTube Music and more. Enjoy it, all you romantically inclined folks....more to come. Stay tuned. Oh Keh Muse is pronounced "OK Muse"...saying ok to the Muse.
