

pdfAssistant Launches Save as Custom Image Add-On for Adobe Express: Flexible Image Export Made Simple

The new Save as Custom Image Add-On for Adobe Express empowers creators to export their projects as high-quality JPG, PNG, BMP, GIF, or TIFF files with full control over pages, resolution, color model, and quality.

Save as Custom Image

Easily export your projects as JPG, PNG, BMP, GIF, or TIFF, with precise control over pages, resolution, color model, and quality.

Chicago, Illinois Aug 20, 2025 ([Issuewire.com](https://www.issuewire.com)) - [pdfAssistant.ai](https://pdfassistant.ai), a leader in AI-powered PDF and document solutions, today announced the release of the [Save as Custom Image Add-On for Adobe Express](#). This powerful tool integrates directly into Adobe Express, enabling users to transform their projects into customized graphic images across a wide range of formats and settings, all without leaving the Express environment.

With the Save as Custom Image Adobe Express Add-On, users can:

- **Export to Diverse Formats:** Save projects as JPG, PNG, BMP, GIF, or TIFF files for web, print, or digital distribution.
- **Precisely Control Output Pages:** Export single pages, page ranges, or entire projects for tailored image generation.
- **Define Optimal Resolution (DPI):** Adjust DPI from 12 to 2400 to balance image quality and

file size.

- **Customize Color Models:** Select from RGB, CMYK, Grayscale, RGBA, or Lab to ensure accurate representation across platforms.
- **Refine Image Quality:** Apply smoothing to reduce jagged edges and fine-tune JPG compression from 1–100 for optimized output.

“Creators need flexibility when saving their Adobe Express projects to image files,” said Eric Shore, Chief Innovation Officer of pdfAssistant. “With the Save as Custom Image Add-On, users gain precise control over image export options, ensuring direct access to the right format, resolution, and color profile for every use case. It’s about simplifying creative workflows while delivering professional-grade results.”

The Save as Custom Image Add-On is available now in Adobe Express. Learn more about pdfAssistant’s full suite of [external plugins and integrations](#) and discover how to achieve [flexible online PDF to Image conversion](#) for all creative and professional projects.

About pdfAssistant

pdfAssistant, by Datalogics, is an AI-powered PDF automation platform that makes it easy to create, process, and gain insights from documents using natural language. From chat-based commands to powerful multi-step workflows and batch automation, pdfAssistant transforms how individuals and teams work with PDFs without requiring training or technical skills. Designed for flexibility and scale, pdfAssistant integrates into any document-heavy workflow and accelerates productivity across industries.
