

Regenerix Gold Sets New Standard in Joint Supplements for U.S. Market

Made in the USA in NSF-Certified Facility; Over 10 Years of Proven Safety and Clinician Endorsement

Stamford, US Aug 21, 2025 ([Issuewire.com](https://www.issuewire.com)) - *MD Therapeutics* proudly announces that [Regenerix Gold](#), its flagship joint health supplement, stands out in the crowded U.S. market thanks to a combination of rigorous manufacturing standards, clinical credibility, and long-term user satisfaction.

Key Highlights:

- **Manufactured in the USA** in an **NSF-International Certified Facility**, ensuring adherence to the highest quality, safety, and manufacturing protocols.
- **Over a Decade of Global Use**, with consistent user feedback demonstrating sustained joint comfort and mobility.
- **Independent Safety Validation**, with [TÜV SÜD certification](#) confirming the product contains no detectable steroids or heavy metals.
- **Rooted in Clinical Insight**, developed by healthcare professionals to address multifaceted joint care needs—incorporating collagen, turmeric, ginger, and frankincense for joint resilience.
- **Clinician Backing**, including endorsement by [British physiotherapists](#) and recommendation by [doctors](#)—underscoring its credibility among trusted health practitioners.
- **Real-World Reliability**, with user testimonials reporting significant performance differences, even noting discomfort when skipping doses—highlighting its tangible daily benefits.

About Regenerix Gold:

Regenerix Gold is a thoughtfully formulated, natural joint supplement designed to support cartilage, reduce inflammation, and promote joint mobility. Free from prescription medications, it offers a safe, effective alternative for those seeking long-term joint health support.

Availability: Regenerix Gold is readily available to U.S. consumers via the official website: <https://mdtherapeutics.com/products/regenerix-gold>
