

Rich Bout-It Joins Forces With P-Dub of GME for Their Latest Banger '4 Zones'

Groove with the high-octane beats of trap with Rich Bout-It and his latest collaborative project '4 Zones' under Paperchase Muzik LLC, featuring P-Dub of GME.

San Francisco, Aug 14, 2025 ([IssueWire.com](http://www.IssueWire.com)) - Keeping the game strong with hustle and grind, talented rapper **Rich Bout-It** has come up with a brand new track to captivate the listeners. The latest banger is titled '**4 Zones**', which offers the high-octane taste of trap music. The song is masterfully crafted, along with the contributions of P-Dub of GME, who helped to make this track

even more powerful than ever. The song has been released by the artist under the production of the label Paperchase Muzik LLC, and it is currently getting much attention from hip-hop and trap lovers from around the world.

Rich is best known for his versatile aura that meanders through his musical creations. The artist oozes a superior level of grit and confidence through his tracks, which makes them even more fun, enjoyable, and engaging. Along with strong bars and a fascinating sense of original music, '[4 Zones](#)' is also creating another milestone in his highly successful music career. Some of his previous tracks like 'F.A.F.O.', 'N Da Air', 'Ayy Though', etc, are the greatest examples of his consistency and dedication towards rapping.

Rich Bout-It is best known for his unapologetic personality that speaks of truth without any swanky representation. Most of his rap tracks are based on the rich tapestry of life and its evolution that comes from pain, pride, and perseverance. He is already working on new projects to offer more exquisite music projects in the coming days. Follow him on [Spotify](#), [Apple Music](#), as well as [Facebook](#) and [Instagram](#) to know more.
