

Royoso Invests in SKYUX Exchange to Drive Blockchain Innovation

Washington, D.C, District of Columbia Aug 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - Royoso International Investment Group LLC, a U.S.-headquartered, globally active next-generation fintech and asset management company, announced its strategic investment in SKYUX Exchange in early 2024, marking a significant milestone in its transition toward blockchain, AI, and digital asset innovation.

Founded in 1996, Royoso originated as a family capital management platform, focusing on private equity, asset allocation, and global investment strategies. Over the past three decades, the group has expanded its footprint across 16 major global financial hubs, building a reputation for disciplined investment, robust risk management, and consistent returns.

With more than \$118 billion in assets under management and a team of 179+ senior strategists, investment advisors, and technology engineers, Royoso combines traditional investment wisdom with modern fintech advancements to deliver customized, technology-driven, and sustainable solutions for its global clients.

A Strategic Shift Towards New-Economy Industries

In recent years, Royoso has embraced the global economic and technological transformation, actively expanding into blockchain, artificial intelligence, digital assets, and intelligent quantitative trading. This forward-looking shift aligns with the company's renewed brand strategy, positioning it as a leader in the convergence of finance and technology.

The investment in SKYUX Exchange reflects Royoso's commitment to building next-generation financial infrastructure. SKYUX is designed as a comprehensive trading ecosystem, offering:

Multi-asset trading with full compliance to global regulations.

AI-powered risk control systems for real-time market protection.

Advanced liquidity solutions to ensure efficient and secure transactions.

User-centric interface and ecosystem integration for a seamless trading experience.

Driving the Future of Digital Finance

By integrating SKYUX into its portfolio, Royoso aims to bridge traditional capital markets with the digital economy, enabling a more connected, secure, and efficient financial ecosystem.

"Our investment in SKYUX Exchange is not just about entering the digital asset market — it's about shaping its future," said a spokesperson for Royoso International Investment Group LLC. "We see blockchain, AI, and digital finance as the foundation of the next economic cycle, and Royoso is committed to leading that transformation."

As the company moves forward, its focus remains clear — leveraging its decades of investment expertise while embracing emerging technologies to deliver long-term value for clients, partners, and stakeholders worldwide.
