

Rugged Meets Refined: Wall Tent Shop Redefines Backcountry Comfort

Moscow, Idaho Aug 21, 2025 ([Issuewire.com](https://www.issuewire.com)) - Wall Tent Shop is a veteran-owned company based out of Idaho that manufactures canvas tents for light to extreme outdoor use. This includes multi-week camping trips, hunting, and camping through multiple seasons. These canvas tents come in multiple designs and feature the required legal canvas treatments depending on your state restrictions.

Top Quality Tents, Low Prices

Wall Tent Shop offers the lowest prices possible with top-quality materials. This means you get a canvas tent that will last many years with proper care, featuring standard features that other companies often treat as bonuses. This includes a free backdoor or window, reinforced tent ridges, reinforced eaves, reinforced D rings, and ridge pole openings. The canvas is treated to protect against water, fire, and mildew, or just water and mildew, depending on your local area and preferences.

Multiple Tent Types & Models

Wall Tent Shop offers a range of classic and modern canvas tent styles, perfect for various conditions

and preferences. Options include rugged designs built for extreme weather, like the Canvas Winter Tent and Montana Spike models. For a more leisurely experience, consider the Glamping Tent. And for extended stays, the Selkirk model (with its stove compatibility) is ideal. Whatever your needs, these tents are built to help you stay comfortable and prepared in any environment.

Fast, Free Shipping & No Sales Tax

Wall Tent Shop offers free shipping on all tent orders and fast shipping after ordering (typically 1-2 days). This means you will receive a high-quality product at the speed of modern convenience at a lower price than other providers. There's also no sales tax (except for Idaho).
