

Skyux Announces Strategic Partnership with Royoso to Advance the Global Digital Finance Ecosystem

Anchorage, Alaska Aug 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - The globally compliant, secure, and intelligent Web3 digital asset trading platform, **Skyux Web3 Exchange Inc.**, today officially announced the establishment of a strategic partnership with the internationally renowned investment institution **Royoso International Investment Group LLC**. This collaboration signifies that the two parties will engage in in-depth cooperation across frontier fields such as **digital assets, artificial intelligence, and blockchain applications**, jointly promoting the development of the next-generation global digital financial ecosystem.

As a U.S.-registered platform holding a **FinCEN-issued MSB license**, Skyux has been committed to building a trustworthy digital asset service network. Its business covers a wide range of services including **spot trading, derivatives, margin trading, copy trading, and AI-driven strategies**. At the same time, the company is actively expanding its regulatory footprint in Singapore, Hong Kong, the United Arab Emirates, and Southeast Asia, with the goal of becoming a truly **global Web3 financial hub**.

Royoso International Investment Group LLC, on the other hand, is a global financial institution with strong capital strength and an extensive international investment network. The firm has long focused on **cross-border investment, digital financial innovation, and strategic asset allocation**. With its keen insights into emerging markets and continuous investment in frontier technologies, Royoso has become an important strategic partner in numerous financial and technological innovation projects.

Through this partnership, the two parties will collaborate in the following areas:

- **Capital and Technology Empowerment** – Royoso will provide funding and resources to support Skyux’s global expansion and technological R&D, accelerating the implementation of AI-powered trading systems and intelligent risk control engines.
- **Regulatory Compliance and Market Expansion** – Both sides will jointly explore compliance opportunities and business expansion in key markets such as Asia, the Middle East, and Europe, promoting the establishment of a robust global operational network for Skyux.
- **Ecosystem and User Co-Creation** – Skyux and Royoso will jointly drive the incubation of innovative Web3 projects, empowering more developers, entrepreneurs, and community users to build an open, transparent, and trustworthy digital financial ecosystem.

“This cooperation with Royoso is a crucial step in Skyux’s mission to build a global trusted digital asset service platform. We believe this partnership not only strengthens Skyux but will also inject new trust and vitality into the entire digital financial industry.”

This strategic partnership demonstrates that Skyux is gaining strong support from global capital and strategic partners, laying a solid foundation for its development over the next three years. With deepening collaboration in **compliant finance, technological innovation, and global ecosystem building**, Skyux is expected to accelerate the realization of its globalization vision and become a core hub in the new era of digital finance.
