

Spiritual Artist Unveils Sacred Egypt Energy Scarves to Channel Ancient Temple Wisdom

Limited Edition Collection Launches on 8/8 Lion's Gate Portal

Los Angeles, California Aug 7, 2025 ([Issuewire.com](https://www.issuewire.com)) - Visionary artist and energy healer **Doni Amoris** unveils his latest creation: the **Sacred Egypt Collection**, a limited edition line of energy-infused scarves inspired by the temples, deities, and soul mysteries of Ancient Egypt.

The collection launches on **August 8th**, aligning with the high-frequency **Lion's Gate Portal**, a cosmic window known for activating spiritual awakening and inner power.

Each scarf is infused with **spiritual energy transmissions** and designed as a wearable portal to connect the wearer with the divine archetypes of **Ra, Isis, Hathor, Anubis, Thoth**, and the **Emerald Tablets**. This launch continues Doni's work of merging **art, spirit, and sacred teachings** into everyday tools for transformation.

"These scarves are not just garments, they're transmissions," says Doni Amoris. "Each piece carries a frequency meant to awaken inner potential, higher wisdom, and divine remembrance."

The scarves were channeled through visions and spiritual experiences in ancient Egyptian temples, including **Dendera, Karnak**, and the **Great Pyramid**, and were co-created in collaboration with other

spiritual guides and teachers. Each piece includes a corresponding **guided audio meditation** and a **video journey** premiering on 8/8 to immerse wearers in the mystical energies behind the designs.

Feedback about Doni's work from spiritual leaders has been glowing:

"We love your scarves! What makes them so special are the sacred energies, the love and care that you have put into them. Truly conscious clothing!"

— **Deva Premal & Miten**

"The beautiful gift of your sacred scarves has just arrived and I am bowled over by their energy and beauty. They are so gorgeous and I absolutely love them all. I love the way you have channeled your energy into creating these very high frequency scarves."

— **Diana Cooper**
