

Sue Edwards, RN: Elevating Healthcare Quality and Compliance in Tyler, TX

Expert Consultant Supports Providers in Navigating Regulatory Standards and Optimizing Patient Care

New York City, New York Aug 19, 2025 ([Issuewire.com](https://www.issuewire.com)) - Sue Edwards, RN, a seasoned healthcare quality and compliance consultant, is making significant strides in helping healthcare providers meet the rigorous regulatory standards set forth by the Centers for Medicare & Medicaid Services (CMS) and various health plans. With a specialized focus on MIPS, HEDIS, and Star measure

requirements, Sue leverages her extensive nursing background and over 19 years of experience in data abstraction to empower clinicians in delivering high-quality patient care.

Graduating from the William Buchanan School of Nursing with an Associate of Applied Science in Registered Nursing in 1974, Sue has dedicated her career to improving healthcare quality. Her expertise in HEDIS data abstraction, combined with her extensive experience working with Medicare Advantage Plans, positions her as a trusted resource for healthcare providers seeking to enhance performance and compliance.

As a MIPS consultant for over nine years, Sue specializes in guiding providers through the complexities of MIPS/MACRA compliance and quality reporting. Her strategic approach focuses on helping healthcare organizations achieve positive payment adjustments while simultaneously improving patient outcomes. “My goal is to align regulatory requirements with practical, data-driven strategies that enable providers to thrive,” says Sue.

In her role, Sue collaborates closely with healthcare providers and their staff to develop tailored solutions that alleviate administrative burdens and enhance care delivery. By employing performance improvement frameworks, she empowers organizations to navigate the challenges of the ever-evolving healthcare landscape, including those posed by the COVID-19 pandemic.

Sue’s commitment to quality improvement not only optimizes care delivery but also ensures that healthcare providers are well-positioned to meet compliance standards that directly impact reimbursement and patient outcomes.
