

Sunshine Industrial Corporation: Leading Global Detergent Manufacturer Since 2001

Shenzhen, Guangdong Aug 26, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Sunshine Industrial Corporation](#), a globally recognized [detergent manufacturer](#), proudly announces its continued commitment to delivering high-quality, innovative, and reliable cleaning solutions. Since its founding in 2001, Sunshine has become a trusted partner for businesses across Africa, the Middle East, and South America, offering both **OEM/ODM detergent services** and a wide range of branded products.

Global Leader in Detergent Manufacturing

With more than two decades of experience, Sunshine Industrial Corporation has established itself as a pioneer in the detergent industry. Backed by **strong technical expertise, cutting-edge equipment, and ISO9001 certification**, the company continues to meet international standards of excellence while providing flexible solutions to retailers, wholesalers, and business owners worldwide.

“Our mission is to deliver detergents that are not only powerful and safe but also tailored to the needs of our global customers,” said a spokesperson for Sunshine Industrial Corporation. “Whether you’re managing a large retail chain or running a small business, our team is here to ensure your success.”

Commitment to Quality Control

At the heart of Sunshine's success lies its unwavering dedication to quality. The company operates a **robust quality control system** that guarantees every product—whether detergent powder, liquid, or specialized cleaner—meets the highest industry standards.

- **Quality Control Team:** Sunshine employs 60 professional inspectors, all certified with intermediate inspection qualifications, ensuring strict quality assurance at every production stage.
- **Sample Room:** A fully equipped sample retention room ensures that product quality is maintained consistently for six months after production.
- **Advanced Laboratory:** Covering 460 square meters, Sunshine's laboratory includes an **analytical lab and a 100,000-level microbiological testing lab**, supported by more than 100 sets of advanced testing equipment. Tools such as viscosity testers, foam detection devices, and vertical degreasers allow Sunshine to deliver precision and reliability in every product.

Diverse Product Lineup

Sunshine Industrial Corporation offers a **comprehensive range of cleaning solutions**, designed to meet the diverse needs of households and businesses worldwide:

[Laundry Detergent Products](#)

- [Detergent Powder](#)
