Eskilstuna, Sodermanland Aug 28, 2025 ([Issuewire.com](https://www.issuewire.com)) - TheiShare, a leader in digital lock technology, and AlexMobilier.ro, a European manufacturer of furniture and locker systems, announce an exclusive partnership to produce **Locker Point**, a new line of EU-made smart lockers designed for secure storage, self-service rentals and vending applications.

The collaboration combines TheiShare's advanced access technology with AlexMobilier's European manufacturing to deliver **customizable, scalable and network-optional** lockers. Built in the EU, Locker Point shortens supply chains, supports local industry and ensures compliance with European quality standards.

"With Locker Point, we're embedding our technology directly into lockers manufactured in Europe, resulting in reliable, sustainable and future-ready systems," said **Junaid Joosani**, CEO, TheiShare(<https://theishare.com/>). "Operators can deploy fast — with optional connectivity — and manage access seamlessly."

This partnership strengthens our portfolio and brings a very practical promise to the market,"

added **Richard Toth**, COO, AlexMobilier. "**Install once, start earning**: Locker Point helps venues monetize space with durable, high-quality lockers that work **plug-free** and scale as needed.
