

## TrueSettle Launches New Debt Settlement Platform to Relieve Borrowers

**Gurgaon, Haryana Aug 16, 2025 ([Issuewire.com](https://www.issuewire.com))** - TrueSettle, a new Gurugram-based debt relief firm, announced today the launch of its full-service loan settlement platform in India. The company's mission is to help borrowers burdened by unsecured debt regain control of their finances. [TrueSettle](#) specializes in negotiating settlements on behalf of clients – from credit card balances to personal and business loans – by leveraging its legal and financial expertise. According to TrueSettle, its team works ethically and transparently: it requires *zero upfront fees*, promises a *100% success rate* in settlements, and aims to guide every client “towards financial freedom by easing your debt burden”

### Addressing India's Debt Burden

In India today, debt is a common source of stress. **Over 68% of Indian borrowers struggle with unpaid loans**, often facing constant collection calls or even legal action. TrueSettle points out that loan settlement – a formal agreement with lenders – can be a lifeline for those in genuine hardship. Typically, [loan settlement](#) allows borrowers to pay a reduced lump-sum (often **20–45%** of the original debt) to close out the account [truesettle.in](#). This can mean immediate debt relief and a much quicker resolution than letting a loan default [truesettle.in](#), although clients should be aware of credit score implications. TrueSettle steps in when borrowers cannot keep up with EMIs due to emergencies (job loss, medical

costs, etc.), offering an alternative to bankruptcy or endless debt cycles.

## Comprehensive Settlement Services

TrueSettle's service suite covers virtually every type of unsecured loan, ensuring clients get tailored help. In fact, the company's offerings explicitly include "*Loan Settlement*", "[Anti-Harassment](#)", "[Credit Card Settlement](#)", and more [truesettle.in](#). In practical terms, TrueSettle provides:

- **Personal Loan Settlement** – Helping individuals negotiate with lenders to settle personal loans for a fraction of the owed balance.
- **Credit Card Debt Settlement** – Working with banks to reduce and clear outstanding credit card dues through structured settlements.
- **Education (Student) Loan Settlement** – Assisting graduates or students to resolve education loans under stressful circumstances.
- **Business Loan Settlement** – Guiding small businesses and entrepreneurs to settle overdue business debts and protect their ventures.
- **All Other Unsecured Loans** – Covering any type of unsecured debt (e.g. digital loan apps, peer-to-peer loans, etc.) by devising one-time-payment plans.
- **Anti-Harassment Legal Support** – Providing legal backing and negotiation to stop aggressive creditor calls and protect clients from harassment.

TrueSettle's structured plans are client-focused. A spokesperson explains that the goal is to give borrowers "*freedom from debt*": the team handles negotiations with banks and NBFCs so clients don't have to face collectors. This end-to-end support means a borrower can often move from constant calls and notices to having a clear, agreed settlement.

## Client-Centric Success and Satisfaction

TrueSettle emphasizes a "*no-nonsense*", personal approach. The firm's Trustpilot profile highlights a 100% success rate and notes that its staff is "*changing how India settles debt – one success story at a time*". Satisfied clients echo these claims. For example, one five-star review praised TrueSettle for devising a "*proper estimated plan*" that resolved their loan "and helped me not to face any harassment". Another client lauded the company's "*anti harassment and lawyer service*", which led to settlement letters being issued in just 3–4 months. Many borrowers note that the TrueSettle team speaks "*like real people, not bots*"; one reviewer mentioned they cut their credit card debt "*by more than half – no jargon, no drama*". These testimonials reinforce TrueSettle's client-first promise: transparent, [trustworthy](#), friendly support rather than empty promises.

**Key Takeaways:** TrueSettle combines legal expertise with empathy to resolve unsecured debts across India. The platform handles everything from personal, business, and education loans to credit card dues, always focusing on client relief. **No upfront fee** is charged, and each case is managed fully until settlement. By using professional negotiation and clear communication, TrueSettle aims to relieve borrower stress and help them reclaim financial stability.

## About TrueSettle

Founded in 2020 and headquartered in Gurugram (Gurgaon), TrueSettle is a debt settlement service provider in India. The company is staffed by legal and financial professionals dedicated to ethical debt resolution. TrueSettle's mission is to ensure every client can repay debt in a fair, negotiated way – without undue pressure or confusion.
