

Visakhapatnam to the World: Venkat Kishore's Vision for Global Careers

An Entrepreneur's Mission to Empower Indian Youth Through Education, Internships, and Global Exposure

Visakhapatnam, Andhra Pradesh Aug 2, 2025 ([IssueWire.com](https://www.issuewire.com)) - In a world where global exposure defines career success, Venkat Kishore chikkala , an entrepreneur from Visakhapatnam, is breaking boundaries by helping Indian youth access international education, internships, and job opportunities. Through his multi-sector enterprise VK Global Ventures Pvt. Ltd., he is creating a robust ecosystem that connects students and professionals with career pathways in Southeast Asia and beyond.

His flagship educational institute, IIHAM (Integral Institute of Hospitality & Aviation Management), offers UK-certified CTH diplomas and facilitates guaranteed paid internships in renowned hotels across Malaysia, Dubai, and Singapore. With a “learn and earn” model, IIHAM enables students from smaller cities and towns to gain international experience while building financially rewarding careers.

Through Pathway Overseas Consultancy, another arm of VK Global Ventures, Venkat has helped hundreds of candidates secure study visas, job placements, and manpower positions in various sectors abroad — from hospitality and logistics to healthcare and aviation.

Expanding into the F&B industry, Venkat has equity stakes in Simply Indian Restaurant and Chennai Express Banana Leaf in Kuala Lumpur, Malaysia. These ventures not only serve authentic Indian cuisine but also offer hands-on internship opportunities for IIHAM students and hospitality aspirants.

Additionally, his interior solutions brand Artiluxe Interiors imports decorative wall panels and louvers from China to cater to India’s growing architectural design market. Meanwhile, Sri Gurudatta Builders supports construction projects across Andhra Pradesh, further strengthening VK Global’s footprint in real estate and infrastructure.

With every venture tied to career empowerment, skill-building, or international placement, VK Global Ventures is rapidly becoming a launchpad for Indian talent aiming to go global.

Now consolidating all of his brands under one corporate banner, Venkat Kishore is focused on building VK Global Ventures into a high-impact, legacy-driven company, with an eye on future stock exchange listing in India.

“This is not just about business,” says Venkat. “It’s about creating meaningful change — for my family, for my students, and for the future of India’s workforce.”
