

When will XRP rise again? Rich Miner cloud mining helps you earn a fixed daily income of \$4,900

London, United Kingdom Aug 7, 2025 ([Issuewire.com](https://www.issuewire.com)) - The price of XRP (Ripple) has experienced numerous ups and downs. Long-term holders, while hoping it will break through its all-time high, also face the reality of having their funds "stuck" during market downturns.

Many ask, "When will XRP rise? How long should I wait?"

Instead of waiting for an unknown "bull market," it's better to find a stable path to daily returns now. This is the solution the [Rich Miner](https://www.richminer.com) cloud mining platform is providing to XRP holders worldwide—through cloud mining, convert your XRP assets into a guaranteed daily income of up to \$4,900.

XRP price sideways, shaking investor confidence?

While Ripple continues to advance its technology and implementation, and has received recognition from numerous countries and institutions (such as the Financial Supervisory Service in South Korea and Latin American banks), XRP's price remains stagnant due to the macroeconomic environment and the shadow of the SEC lawsuit.
