Windsor Peak: The Monahans

Healing *Promise*

Denise Latham

Plymouth, Massachusetts Sep 16, 2025 ([IssueWire.com](http://www.IssueWire.com)) - *Escape to Windsor Peak, where friends are like family and love blooms in unexpected places.*

Denise Latham, a popular small town romance author, announces the launch of her new book, **Healing Promise**, available September 29, 2025. The sweet romance explores overcoming first impressions and past traumas to find a new chance at happiness.

Healing Promise is the first in a spin off from the popular Windsor Peak series. Denise Latham wrote the first book in the series after her husband returned from Afghanistan and struggled to adapt to civilian life. The experience slowly evolved into a small-town romance that delved into PTSD, grief and single parenthood that kicked off the series and introduced fans to Windsor Peak.

Healing Promise brings readers back to the town with an established family, The Monahans, to follow their paths to happiness. The first in this series follows Finley Monahan, a nurse, and the doctor she works for in an oncology unit. Although they clash and can't seem to get along as the book begins, circumstances bring them together and ultimately test their growing bond.

This sweet, contemporary romance is perfect for fans of Nora Roberts, Sherryl Woods and Susan Mallery. Author Denise Latham will be signing copies of the book in advance of the release, at Paws & Prints Bookshop at the Kingston Collection, from 12:30-3 PM on September 27, 2025.
