

Arielle Dolezal, BSN, RN, CNIII: A Champion of Patient Care and Community Health in Fresno

Experienced Registered Nurse Committed to Compassionate Care and Healthcare Excellence

CNIII, is making significant strides in the healthcare landscape as a dedicated Registered Nurse at Community Medical Centers. With a profound commitment to patient-centered care, Arielle has become a trusted advocate for the health and well-being of her community.

Graduating with a Bachelor of Science in Nursing from Case Western Reserve University (2010–2014), Arielle has cultivated a strong foundation in clinical skills and a passion for excellence. Since joining Community Health System in 2017, she has delivered quality healthcare services across diverse medical settings, ensuring that every patient receives not only competent care but also compassion and support.

Arielle's journey in healthcare began as a Back Office Assistant at the Financial District Foot and Ankle Center, where she gained invaluable experience that shaped her nursing practice. Her early roles in customer service and hospitality, including positions at Nordstrom and VAULT 164, have further enhanced her communication skills and patient-focused approach.

In her current role, Arielle exemplifies professionalism, empathy, and meticulous attention to detail, making her an invaluable asset to the Community Medical Centers team. As she continues to advocate for her patients, Arielle Dolezal represents the best of nursing, combining clinical expertise with a heartfelt commitment to community health.
