Asher's expertise lies in connecting clients with private money lenders who are willing to finance non-owner-occupied residential and commercial properties. His commitment to helping clients navigate the complexities of real estate financing enables them to seize opportunities for property purchases, refinances, and various investment ventures.

Asher's services are tailored to meet the specific needs of each investor. In addition to private money brokering, Asher now provides access to off-market properties—often better than publicly listed deals—for savvy investors. Once an investor places a property under contract, Asher can immediately broker the loan, creating a streamlined path from deal to funding.

With competition high and good deals harder to find, early access to these properties gives investors a critical edge. Those interested in securing off-market opportunities and fast funding are encouraged to contact Asher directly.
