

Bishesh Silwal Releases New Single "Higher"-Genre-Blending Track for Pop and Experimental Music Fans

The independent artist's latest release captures intimate moments of connection through vulnerable lyrics and sophisticated production, positioning him as a rising talent in the contemporary music landscape.

Kathmandu, Bagmati Oct 8, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Independent artist Bishesh Silwal has released his captivating new single "Higher," a masterful blend of contemporary pop and experimental elements that speaks directly to fans of Charlie Puth, Justin Bieber, and innovative music lovers seeking authentic

emotional connection.

The track opens with intimate imagery - "Shadows on the ceiling, whispers in the dark" - before building into the soaring chorus "Only you can take me higher," creating a sonic journey that captures the electric moment of human connection. Silwal's sophisticated songcraft rivals major label productions while maintaining the authentic spirit that independent music lovers cherish.

"Higher" represents more than just another release in today's crowded music landscape. It fills the crucial gap between mainstream pop accessibility and experimental indie artistry, offering listeners the melodic sophistication they expect from contemporary artists with the raw honesty that defines genuine musical expression.

The single's structure and emotional arc make it perfectly positioned for streaming success across multiple playlist categories - from contemporary pop collections to alternative and experimental music platforms. Its universal themes of vulnerability and connection resonate across demographic boundaries, creating strong potential for organic growth through social media sharing and user-generated content.

Bishesh Silwal represents the new generation of independent artists who refuse to be confined by traditional genre boundaries. His unique position in the contemporary music landscape, combined with the track's commercial appeal and artistic credibility, makes "Higher" an essential addition to any music lover's playlist.

The single is now available on all major streaming platforms including Spotify, Apple Music, Amazon Music, and YouTube Music.
