

Dr. Aloma Wallace, DNP, MSN, RN, Advances Nursing Leadership, Education, and Patient-Centered Care Nationwide

Distinguished Nurse Educator and Author Brings Decades of Experience in Clinical Practice, Academia, and Healthcare Innovation Distinguished Nurse Educator and Author Brings Decades of Experience in Clinical Practice, Academia, and Healthcare Innovatio

Orange Park, Florida Oct 8, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dr. Aloma Wallace, DNP, MSN, RN, a seasoned nurse leader, author, and educator, is recognized for her expansive career spanning acute care, emergency medicine, intensive care, case management, nursing education, and healthcare

leadership. With extensive academic and clinical experience, she continues to shape the next generation of nurses while advancing patient-centered initiatives across the healthcare system.

Dr. Wallace holds a Doctor of Nursing Practice (DNP) from Walden University and a Master of Science in Nursing with a focus on Nursing Education from the University of Phoenix. She has served as a professor and instructor at respected institutions, including Chamberlain University, Jersey College, Oak Point University, and Ambria College of Nursing, where she has guided undergraduate and graduate students through clinical training, simulation labs, leadership courses, and evidence-based research projects.

Throughout her career, Dr. Wallace has developed and implemented strategies to improve program outcomes, foster interprofessional collaboration, and enhance patient safety. She has served in diverse leadership roles, including her recent position as a case management nurse with Humana, where she focused on cardiology, health promotion, and coordinated care. Her ability to integrate clinical expertise with technology and quality improvement initiatives has made her a trusted voice in both healthcare operations and academic advancement.

Beyond teaching and clinical practice, Dr. Wallace is also a published author whose scholarly contributions include works on oncology nursing, anesthesia considerations, and strategies to enhance competency in complex care environments. She has mentored countless students and colleagues, emphasizing the importance of communication, evidence-based care, and continuous professional growth. In addition, she has devoted her time to community health initiatives, mentoring programs, and advocacy efforts supporting women, children, and mental health awareness.

With over a decade of impact in nursing education and leadership, Dr. Aloma Wallace continues to influence both clinical practice and the academic arena. Known for her dedication, innovation, and passion for advancing nursing, she remains committed to improving outcomes for patients and shaping the future of healthcare through mentorship, scholarship, and compassionate leadership.
