

Dr Asma Skin Clinic Expands Advanced Dermatology & Aesthetic Services in Chowk, Lucknow

The clinic introduces PRP for hair, laser hair removal, fillers, and anti-ageing treatments to meet growing demand for modern skin and hair care solutions.

Lucknow, Uttar Pradesh Nov 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dr Asma Skin Clinic, a trusted name in dermatology and aesthetic medicine in Lucknow, has announced the expansion of its services at its Chowk location. Led by Dr Asma, the clinic is now offering advanced procedures, including Platelet-Rich Plasma (PRP) therapy for hair restoration, state-of-the-art laser hair removal, dermal fillers, and anti-ageing treatments, making world-class skin and hair care more accessible to residents of the old city.

As awareness of skincare and wellness continues to rise, patients in Chowk and nearby areas are looking for reliable medical solutions delivered with expertise. Dr Asma Skin Clinic has responded by upgrading its facilities and introducing treatments that blend medical precision with cutting-edge technology. Patients dealing with **hair fall** can now benefit from PRP therapy, a non-surgical procedure that uses the body's own growth factors to stimulate healthier hair regrowth.

The clinic also provides advanced **laser hair removal** services that offer safe, effective, and long-lasting results. Unlike temporary hair removal methods such as waxing or threading, laser treatment targets the follicles directly, making it a comfortable option for patients seeking smoother skin.

For those worried about visible signs of ageing, the clinic now offers **dermal fillers, wrinkle reduction, and skin rejuvenation therapies**. These treatments are designed to restore facial volume, reduce fine lines, and enhance skin texture. Dr Asma, widely recognised as a trusted **dermatologist in Lucknow**, ensures every treatment is personalised and patient safety remains the highest priority.

In addition to cosmetic services, Dr Asma Skin Clinic continues to provide medical dermatology solutions for **acne, pigmentation, fungal infections, and other chronic skin conditions**. By combining compassionate care with modern dermatology practices, the clinic has established itself as a reliable destination for individuals seeking an experienced **skin doctor in Chowk and across Lucknow**.

“Our aim has always been to bring advanced skin and hair treatments within reach of every patient,” said Dr Asma, Head Dermatologist at Dr Asma Skin Clinic. “With our Chowk location, patients in the old city can now access modern solutions like PRP, fillers, and laser hair removal without having to travel far. We remain committed to safe, effective, and patient-focused care.”
