

## Dr. Jay A. Zimmerman, DMD in Mountainside, NJ Introduces Soft Tissue Laser for Comfortable and Precise Dental Care

Dr. Jay Zimmerman celebrates 20 years of excellence with modern technology, flexible scheduling, and personalized service.

**Union, New Jersey Sep 29, 2025** ([Issuewire.com](https://www.issuewire.com)) - Zimmerman Dentistry, led by [Dr. Jay A. Zimmerman, DMD](#), has added advanced technology to its practice with the introduction of the [DenMat Pro3 Microlaser](#), a soft tissue dental laser designed to make treatments more precise, comfortable, and efficient.

The soft tissue laser is used for a range of procedures, including gum contouring, treatment of lesions, and management of cold sores. Benefits include minimized swelling and bleeding, faster healing, and little to no need for stitches. This technology allows patients to receive care with improved comfort and reduced downtime.

According to [Dr. Zimmerman](#), "Integrating the DenMat Pro3 Microlaser supports our commitment to modern, patient-centered dentistry. The technology allows us to provide safer and more efficient treatments, while focusing on each patient's individual needs."

### Additional Patient-Centered Services

Zimmerman Dentistry combines new technology with services designed for convenience and

accessibility:

- **20 Years of Service** – Providing dental care in Mountainside for over two decades.
- **Flexible Scheduling** – Early morning, evening, and every other Saturday appointments available.
- **Same-Day Care** – Emergency dental visits and same-day hygiene appointments to meet urgent needs.
- **Financing Options** – Most insurance plans accepted, along with flexible payment plans.
- **Comfortable Environment** – A boutique practice setting with patient amenities such as blankets, pillows, Netflix, and in-room televisions.
