

EduVerse and Spirit of Math Partner to Bring International Spirit of Math Contest to Kazakhstan for 2025-26 School Year

North York, Ontario Sep 18, 2025 ([IssueWire.com](https://www.issuewire.com)) - EduVerse and Spirit of Math are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to Kazakhstan for the 2025-26 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give Kazakhstani students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we are dedicated to revolutionizing education for students everywhere," said Kim Langen. "We are excited to support EduVerse in their mission to cultivate young talent and help students realize their greatest potential."

EduVerse is the official representative of international academic Olympiads in Kazakhstan. Their mission is to open new horizons for opportunities through Olympiads through the promotion of international competitions, online preliminary rounds, and comprehensive support for all those participating. EduVerse represent more than 15 prestigious international Olympiads across the country.

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get the personal satisfaction (and motivational boost) of tackling and conquering some of the hardest questions.

About EduVerse

As of April 2025, EduVerse has reached over 19,000 students, 96+ schools, conducted 8000+ exams, 10+ global finals, and sent 200+ students abroad. They are the official partner of the BestYs platform in Kazakhstan, which is a platform that connects learners with top-tier Olympiads, providing them with opportunities to challenge themselves, showcase their skills, and achieve academic excellence. Through BestYs, EduVerse can allow their students to compete through an AI proctored and secure platform.
