With over eight years of experience in the Arizona market, Evelyn combines her extensive background in residential and commercial property management with a steadfast commitment to representing her clients' best interests, from negotiation to closing.

Born and raised in Peru, Evelyn moved to the United States in 1998, driven by the pursuit of the American Dream. After gaining invaluable experience in property management, which ranged from apartments to commercial spaces, she discovered her true passion for residential real estate and earned her license in 2018. Since then, she has built a strong reputation for professionalism, personalized service, and clear communication, successfully assisting a diverse clientele—from first-time homebuyers to seasoned investors.

Evelyn's fluency in both English and Spanish allows her to serve a variety of communities across the East Valley and beyond. Her approach is built on trust, care, and integrity, ensuring that each client feels supported and confident throughout the buying or selling process. She believes that her success is a reflection of her genuine passion for helping others and her appreciation for the clients who place their trust in her.

Among her accolades, Evelyn was recognized as the Most Improved Agent in 2021 by her brokerage for outstanding growth and dedication. She has also received the Certificate of Achievement for 2023 and 2024, signifying her continued excellence in client service, sales performance, and commitment to the profession.

"What I enjoy most about real estate is helping people through such an important chapter in their lives—whether it's buying their first home, upgrading as their family grows, or selling to move on to the next adventure," says Evelyn. "Every client's story is unique, and I love being part of making those transitions as smooth and positive as possible."

Outside of her professional life, Evelyn is a proud mother of three boys. She enjoys exploring Arizona with her family, touring model homes, and planning future RV adventures across the country. To her, real estate is not just about property—it's about people, possibilities, and building a better future.
